Messrs. Dowling and Crossfield are holding debates in Anderson county as candidates for the Legislature.

Former Circuit Judge James Pryor Tarvin, of Covington, Ky., died at Cleveland, O., of asthma. He had just returned from a trip up the lakes.

Judge Tarvin was a prominent Democratic politician, attorney and Judge.

Secretary Taft delivered an address at Columbus, O., which is regarded as the opening gun of his presidential campaign. The larger part of his speech was devoted to the railway rate question and the trusts. He strongly endorsed the policies of President Roosevelt.

C. C. McChord, of the Speakers' Bureau, stated that he was in communication with William Jennings Bryan, Senator Ed Carmack, of Tennessee, and Senator-elect John S. Williams, of Mississippi, regarding their ability to speak during the coming campaign.

Henry B. Hines, State campaign chairman announced the following speaking appointments for Judge S. W. Hager and Col. John K. Hendrick, following the initial speaking at Lexington August 23 next: Louis, Sept. 2; Pikeville, Sept. 3; Prestonsburg, Sept., 4; Paintsville, Sept. 5; Salyerville, Sept. 6; West Liberty, Sept. 7; Hazel Green Sept. 9; Campton, Sept. 10. For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seltz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free by all druggists.

It was under democratic administration that a railroad rate law went upon the statute books of Kentucky, this State being one of the pioneers in the matter of such legislation. A republican governor, Wm. O. Bradley, vetoed the bill but a democratic General Assembly enacted it into a law two years later. Under its provisions thousands of dollars have been saved to the shippers of the State.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Coile, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world." —S. Jenison, Spring Grove, York County, Pa. This remedy is for sale by all druggists.

Secretary of War Taft spoke to a large audience at Lexington yesterday, notwithstanding the inclement weather.

Ten Years in Bed.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P., of Oakdale Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." G. L. Penny.

An explosion of dynamite in a Chinese mine near Fangtze resulted in the death of two Germans and 103 Chinamen.

IN NEIGHBORING COUNTIES.

Richmond will have a fair Sept. 10 to 13th.

Capt. John R. Kenney is dead at Nicholasville. He was a captain of the local militia there.

Clarence Vanarsdall, whose secret marriage was recently announced, died at Harroldsburg of lockjaw.

Mr. E. H. Fox, of Danville, has been elected to the vice presidency of the Kentucky Laymen's Missionary Movement, which has headquarters in Louisville. There are now 210,000 members in the State.

Mary Louise Chase, the bright little daughter of Dr. and Mrs. H. S. Chase, of Junction City, pulled a kettle of boiling coffee from the stove, the contents spilling on her feet and limbs, resulting in painful burns.

Albert Linney, who has held a position for several months with the Danville Advocate came to Lexington Monday and has accepted a position with the Spotswood Specialty Company in this city. Lexington Gazette.

Military officers of the State may ask the next General Assembly to purchase the old battlefield at Perryville and convert the grounds into a permanent location for the annual encampment of the Kentucky State Guards. Col. E. W. Lillard, of Danville, is heading the movement, and is receiving much encouragement in the project.

William Montgomery arrested at Parksville Elsie Hays, colored, who entered the Parksville postoffice and took \$76 worth of stamps of the denominations of 5, 8 and 10 cents. Hays is a small, crippled youth, and admitted that he took the stamps, but states that he thought they were old ones and had been used.

Mrs. Hannah G. Taylor, the oldest resident of Boyle county, died at her home in the Forkland neighborhood. She was in her 95th year and until a short time before her death was apparently in perfect health. She had lived in the same house for 70 years. Before her marriage she lived in Stanford, her maiden name being Warren.

Col. Asa K. Martin of Winchester,

the widely-known Kentucky weather prognosticator, who on August 1st

usually makes known his weather predictions for the approaching winter has issued his official announcement and all residents of Lincoln should bear it in mind and watch the results:

According to Forecaster Martin we are to have 26 snows the coming winter.

The first of these is scheduled to fall on November 11 and the last on May 1, 1908.

CHURCH MATTERS.

The fourth quarterly meeting for the Preachers' charge will be held at Hebron Saturday and Sunday next. Dr. W. F. Vaughn will preside.

A protracted meeting will begin at the Crab Orchard Baptist church next Sunday. The pastor, Rev. W. F. Coakley, will be assisted by Evangelist E. W. Coakley.

Mayor Charles M. Meacham, of Hopkinsville, threatened to put the Rev. B. F. Hyde, a Baptist minister, in jail if he did not cease making inflammatory remarks at a meeting of the Executive Committee of the Christian County Tobacco Growers' Protective Association. Mr. Hyde had been speaking of the attitude of the newspapers in regard to the depredations of the "night riders."

The meeting adopted resolutions denouncing lawlessness and calling on Gov. Beckham to join Gov. Patterson of Tennessee in a determined effort to put an end to the outrages against nonassociation farmers.

Endorsed By The County.

"For ten years I was confined to my bed with disease of my kidneys," writes Wm. M. Dletz, editor and publisher of the Otsego Journal, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." G. L. Penny.

Secretary of War Taft spoke to a large audience at Lexington yesterday, notwithstanding the inclement weather.

Politicians now figure that Secretary Taft's speech at Columbus signalizes the real opening of the presidential campaign. The Taft and anti-Taft people will probably be aligned as the "progressive Republicans" and the "Conservatives."

NEWS NOTES.

All but five of the Louisville brokerage firms signed the wage scale demanded by the striking telegraphers.

Charley Watson, a well-known young Mayfield man, was run over by a train at Bridge Junction, Ark., and instantly killed.

It is estimated that 21,000,000 acres are available for rice growing in Louisiana and Texas, and the value of such a crop would be \$400,000,000. This would make the rice crop fifth in point of value among the cereals of this country.

In a rough house, which was started at Pikeville, guns and knives were put to work and within 10 minutes Dick and Harry Wilson, aged 21 and 23 years respectively, were dead and two of Wm. Tackett's followers were almost cut to pieces.

Three thousand persons gathered at Bridgeville, Bath county, to witness the baptizing of 64 young men and women who had united with the Thompson Christian church during a protracted meeting which had been in progress for the past two weeks.

Wade Brown, Deputy United States Marshal, arrested Bob Waterford and R. G. Williams, for illegally selling whisky. Brown chased R. G. Williams, a Calloway county merchant, through Calloway and into Stewart county, Tenn., for a distance of 65 miles before Williams' horse gave out.

Warning.

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases.

FOR A GREATER AND BETTER STANFORD!

Tuesday night the last saloon in Lincoln county closed its doors at Rowland to no more spread its deadly poison among the youths and men of our city and county. The people by a majority of 1,242 last September spoke in no uncertain tones that they wanted a better Lincoln county and City of Stanford morally and in every way that goes to make a clear state of affairs. In the past 12 months in Lincoln county and in Stanford there has been more real estate transferred, bought and sold, than in any previous five years. Our merchants and landlords have improved their stores and buildings to such an extent that it is even noticeable to the most unconcerned person. What does all this mean? It means that those who have heretofore spent their hard-earned money foolishly are now spending it with the merchants, thus enabling those merchants to improve and beautify their stores and to give to the people better goods, better provisions and better prices than ever before.

Now let the Law and Order League get down to business right and assist with all of its power the County Judge, County Attorney, Sheriff, Police Judge, Mayor and Chief of Police to enforce the laws and drive from our city and county the blind-tiger operators, cocaine and soiled dove dives, if there be such running in Macksville and on the "Creek," and it is more than likely that they will be, since the last saloon has gone.

Our city tax is 70c on the \$100 of taxable property within the corporate limits, now can't the city fathers give to us better streets; cleaner gutters; better crossings from one side walk to the other; a more sanitary St. Asaph creek and make other needed improvements to harmonize with the work already done by the legal voters of Lincoln county and the City of Stanford? You have been doing good work of late, but let's all pull together and put our shoulders to the wheel and make A GREATER AND BETTER STANFORD! What do you say?

We are proud of Stanford and her people, because they are the best people on God's green earth. We are likewise as proud of old Lincoln county and her splendid citizenship. We have never regretted the day that we cast our lot and fortunes with you both, and we want to live to see the day come when Stanford will be the best moral town in Kentucky. We are for the upbuilding and not for the tearing down of it. We have four splendid churches; one of the best Graded Schools in the State; also a Female Seminary; two excellent and thriving banks—The Lincoln County National and First National—with the largest deposits ever in their history, which goes to show that they are honestly and economically managed; two excellent hotels; two large roller mills; new creamery; ice and electric light plant; planing mill; laundry and a \$20,000-to-be Odd Fellows' Temple under headway and other things that go toward making an up-to-date, good and thriving city.

Stanford can boast of her solid merchants with much pride. Not in any kind of business has there been an assignment or a bankrupt case in years, but most of her merchants discount their bills, thus enabling them to serve the people and public with the lowest prices and best goods obtainable in the great markets of the East, North and South.

We want to impress on our friends who live in the county that the only way that you can make a prosperous county seat is to talk for it, trade with its merchants, exchange your produce for their goods, thus helping both to live and let live and come to see them oftener and get better acquainted with each other, then when Sunday comes, you can go to church and enjoy a splendid sermon and say to yourself: "I have done my duty this week and let's serve Him better and do more nobler things next week."

We are going to do our duty toward making A GREATER AND BETTER STANFORD by giving to our patrons all the news, fresh and clean, free from prejudice and more than ever before and we hope and pray the best that can go towards making the most readable sheet to be found in Kentucky.

J. M. A.

In his speech at Vanceburg Tuesday "Hummie" Willson almost verbatim recited to a small audience which greeted him the words uttered by "Uncle Nappy" Hays against Judge Hager in the democratic primary last fall. "Uncle Nappy" was his chief witness. No wonder when his term of office expires he will seek other fields. We said all along that the republicans would use his speeches as ammunition against the democratic ticket this fall and sure enough they are. Why doesn't he go to Pike's Peak and take a leap from it, from whence he shall never return, instead of going to Oklahoma as is reported?

AUGUSTUS E. WILLSON, Republican nominee for Governor, opened his party's campaign for State offices with a speech at Maysville. He was warmly greeted in his native city and delivered an address in which he pleaded with Democrats to vote the Republican ticket. It was evident from the tone of the remarks of Mr. Willson and the other speakers that no effort is to be spared during the campaign to attract Democrats to the Republican standard. The crowd in attendance, while of good size, was not as large as had been hoped and predicted by the Republican managers.

WHEN the democratic party took up the reins of government in 1900 it found a deficit in the public treasury of \$1,699,657.36 in excess of the assets of the State. Today the State is free from debt, with about \$300,000 in the treasury at the close of the fiscal year June 30, last.

MARK HANNA is not dead. We thought he was, but it seems that Mayor Bingham, of Louisville, has brought him to life, though he is only a real horse that the taxpayers of Louisville bought and ex-Mayor Pauly Barth was using for his own private use.

THESE were the words uttered by President Roosevelt at Provincetown, Mass: "We want a law for the criminal prosecution of officers of trusts. There will be no change in the policy we have steadily pursued."

IT is under Democratic administration that a home for decrepit Confederate soldiers was established and nearly \$200,000 expended in making their declining days comfortable.

In the Land of Good Things.

The editor of this paper is playing the gentleman this week—living on the fat of the land at Mr. Sam Damron's, just below Mt. Salem, and drinking the health-giving water at Sims' Olympian Springs. He already feels a shade better and hopes by the end of the week to be ready to resume his duties on the "cheapest and best." He and family were fortunate in getting board at Mr. Damron's. The home is a delightful one, each member of the family is courteous and kind and the table they set is par excellence. Chickens seem to grow on trees, old ham as plentiful as city middling, eggs as you like 'em, delightful bread, milk and butter the best you ever saw or tasted. Who could want more? Surely 'tis too much for the writer, who is here trying to rid himself of an annoying stomach trouble.

A good crowd is searching for health at Olympian Springs. In it are Mr. Ivon Fish, Crab Orchard's clever L. & N. agent, Mr. Solomon Estes, a splendid citizen of Pulaski, Mr. A. B. McKinney, an aged Lincoln county gentleman, John Whipp, one of the finest young men of Liberty, Mr. and Mrs. Slattery, of Tatham Springs, Mr. James Allen, of Casey, and others. Messrs. Jno. G. Lynn, George and Mack Holmes and C. A. Redd, of Lincoln, have been here, gotten well and gone, all singing praises of the virtues of Olympian Springs Water.

Crops in this section are fine. Corn is especially good and the yield of wheat was satisfactory. The little tobacco planted in this section is looking well. The hay crop was the best for a long time. Farmers are seemingly contented.

F. M. Sims, proprietor of Olympian Springs, hasn't the only water in this section. G. J. Austin gave us a taste of some from a well recently dug on his place which is as salty as ocean water. It is as clear as a crystal but two much like brine to use for drinking or domestic purposes.

Messrs. A. C. Dunn and W. H. Shanks arrived yesterday afternoon to remain a few days. The former has made several trips here and has been benefited by the water. Mr. Shanks is a hard drinker of Olympian water. It took a half dozen or more glasses to quench his thirst when he arrived.

Lots of timber is being hauled by here to McKinney, to be shipped to the cities. Casey's supply seems to be inexhaustible. Lumber is high and it brings an immense amount of money to the "State of Casey" yearly. YE ED.

Eczema.

For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale by all druggists.

Bobbitt Writes of Beautiful Women.

CRAB ORCHARD, Aug. 26, 1907.—As many of my friends, male and female, from Judge Morrow to my most timid feminine admirer are cutting out my letters and pasting them in scrapbooks, they have 63,000 miles to read; 63,000 square miles, the territory won by the South from Mexico. Judge Morrow thinks many of these things will be threshed over after I am gone.

I have heard of many people, friends and relatives, who are coming back to the show next July. Some are getting ready now. I hope no malignant friend will shoot any more of them.

I was at the Springs yesterday. Many guests there and Mr. Willis and wife are scattering bouquets of pleasure like the gentle dews falling upon a fragrant bed of violets. What a noble host! What a generous hostess! Long may they be kept at the helm of the Saratoga of the West. People have come to this favorite resort who have not been here for 20 years and are coming back again next year. Four elegant ladies from the Springs came into the courtroom on business. I remembered that I had come into the court house to consult the Kentucky statutes, but my whole time had been taken up in trying to decide which was the most beautiful. One of them came from Springfield, Mo., with two handsome sons and a sweet little daughter. She left two grown daughters at home;

"Glorious as the full blown flower And the heart of manhood feels their power."

Next year she is coming and bring them also. I told her she would go back with one daughter less and a son-in-law more. She is a most beautiful and graceful woman.

"Time's effacing fingers Had not swept the lines where beauty lingers."

She looked younger than she did 20 years ago. I saw her depart at the depot. Her husband is a master mechanic at a handsome salary. She is a sister of Squire James T. Roberts.

In speaking of the lovely and beautiful, the removal of Miss Pearl Campbell from the Casket of Celibacy will make many an empty plate at the Campbell Hostelry. Many went there not to be regaled with food and fruit but to be waited on by Miss Pearl and gaze into the serene depths of those beautiful eyes. I know of litigants, witnesses, lawyers and law students who stopped there for that purpose. But the Pearl of great price is now gone and my paper is all gone.

A Mild Laxative For Baby's Bowels

The infant or the child should not be given salts, purgative waters or harsh pills or tablets when the bowels are constipated, and neither should any medicine be used that contains a narcotic.

It is well for mothers to remember that there is no better, gentler or more effective remedy for children's stomach and bowel troubles than Dr. Caldwell's Syrup Pepsi. Its purity and mildness make it especially adapted to young people's use. It works gently but surely, and containing, as it does, many tonic ingredients, it not only cleanses the congested bowels, but tones the system and makes the child feel better in every way.

Among the thousands who are using Dr. Caldwell's Syrup Pepsi is Mrs. Spindler of Mayfield, Ky., who gives it to her baby regularly and that she would not be without it. She has need of it herself for a long time and ought to know.

Mother will find in this invaluable remedy for old and young a consolation, a specific for liver trouble, diarrhea, colic, worms, and the many other ills that afflict the stomach and bowels. It is guaranteed to do what we claim, and by its low home cure at very little cost is easily brought.

IN MEMORIAM.

On June 9th we were called upon to give up our friend and sister, Josephine C. Bishop. In her death we feel we have lost one of our best women, one who was ever ready to speak a word of cheer and extend a hand of sympathy. To us it seemed she was too young to die and she had so much for which to live; but He Who is the "giver of all perfect gifts" saw fit to take her, so we in humble submission say, "They will be done," and with the poet believe There is no death—the thing that we call death

Is but another, sadder name for life, which is itself an insufficient name.

Faint recognition of that unknown life, That Power whose shadow is the Universe.

Therefore be it resolved that the ladies assure the young husband and her family of their deepest sympathy and pray God's blessing on them and especially little Joseph, who is bereft of a child's best friend—mother.
